Introduction

The PISA questionnaires gather information about students, their families, the schools they attend, and their teachers. This data offers valuable insights into the factors that influence student learning outcomes.

This user guide describes how to complete the PISA 2025 online Teacher Questionnaire. It also provides guidance on answering the different types of questions and how to troubleshoot problems.

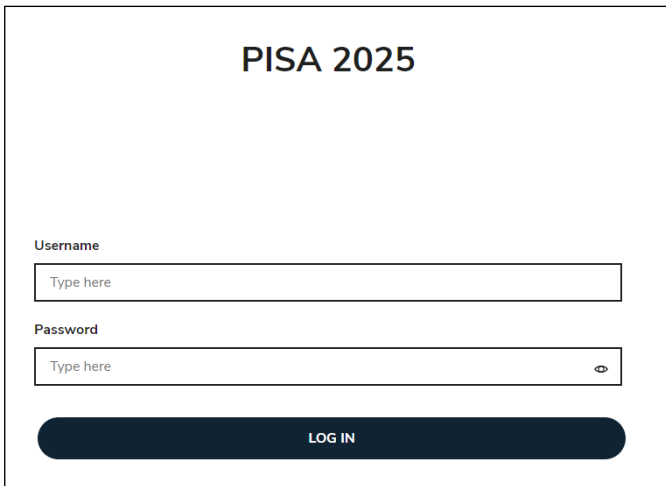

The questionnaire delivery interface is compatible with the following web browsers:

Internet Browsers			
Google Chrome	Mozilla Firefox	Microsoft Edge	Apple Safari
			

It is recommended that the version of the browser that you choose to use not be more than 12 months old.

Logging into the online Teacher Questionnaire

Using your web browser, type in the following URL: <https://pisa2025.org/locale/el-CY> to access the PISA 2025 Teacher Questionnaire. The *PISA 2025 login screen* (Figure 1) will appear:

The login screen features a white background with a dark blue header containing the text "PISA 2025". Below the header, there are two input fields: "Username" and "Password". The "Username" field has a placeholder text "Type here". The "Password" field also has a placeholder text "Type here" and a small eye icon to the right of the input box. At the bottom of the form, there is a dark blue button with the text "LOG IN" in white capital letters.

Understanding the questionnaire screen

All questionnaire screens have the following features:

The screenshot shows a questionnaire interface for PISA 2025. At the top left, a progress bar (1) is partially filled. The main question (3) asks about PISA test administration. Below it is a table with six rows of response items (4) and two columns for 'Yes' and 'No' answers. Navigation buttons (2) are in the top right corner.

1 – *Progress bar* - which shows the user how far into the questionnaire they are at any given point. The black colouring in the progress bar shows completion of the questionnaire, while the white colouring in the progress bar shows the questionnaire that is still to be completed.

2 – *Back* [↩] and *Next* [➡] buttons, which allows the user to navigate through the questionnaire delivery interface. Selecting the *Back* arrow takes you back to a previous screen and selecting the *Next* arrow take you to the next screen. Each time one of these buttons is clicked, your responses are saved.

3 – Question and instructions. Depending on the question, the instruction may appear before the question.

4 – Response items

As some questions may be larger than your screen size is able to display, you will have to use the scroll bar to see the entire question, and to reach the *Back* or *Next* navigation buttons:

Answering the questionnaire

General guidelines to help you answer the questionnaire:

- The questionnaire should be filled in by you only.
- You do not need to complete the questionnaire in one sitting. Your responses save automatically after each screen. You may log out and then return to the questionnaire later by logging in again with the same username and password.
- Some questions ask about certain facts that you may need to find elsewhere. It is possible to take note of these questions (e.g. on a list), collect this information from other sources, and return to the questionnaire to complete the questions at a later time.
- If you do not know an answer precisely, your best estimate will be adequate for the purpose of the study.

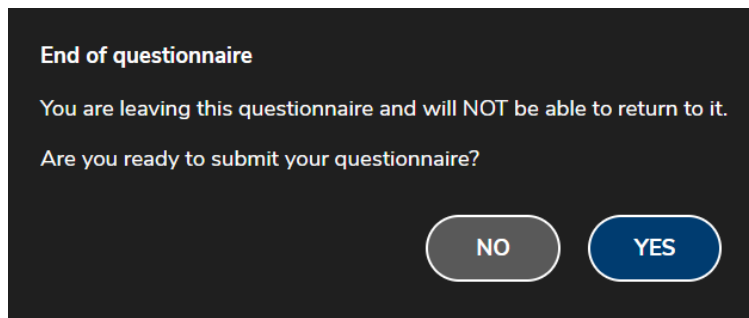

Please note: All answers will be kept confidential. They will be combined with answers from other teachers to calculate totals and averages in which no one teacher can be identified.

If you have any questions regarding the PISA 2025 Teacher Questionnaire, please contact your National Centre
